WELCOME

MATCH DAY TWO

A very big welcome to the CR MOT Centre Community Stadium at the Lamb for this evening's game against Coalville Town. In particular we extend a warm welcome to the players, supporters and officials of our visitors and trust that we will witness an entertaining game of football. While Coalville Town kicked off the season with 3 points against Stratford Town on Saturday, the Lambs will be determined to make amends for the setback at Royston Town. It seems a very long time since we played competitive football here. The last game was on Saturday 31 October last year when Tamworth beat Banbury United 2 - 1 in the Buildbase FA Trophy. Since then there have been plenty of changes to the ground, including the installation of our new state of the art LED floodlights and a complete refurbishment of the clubhouse. We hope that both developments improve your enjoyment of the game tonight. Let's get behind the Lambs this evening as we push for our first 3 points of the season.

FRIENDLY ROUND UP

After a long wait, The Lambs 2021-22 pre-season stuttered to get underway as the match arranged against Chasetown was cancelled due to concerns about rising Coronavirus cases in the Tamworth area.

So Tamworth's first friendly saw the management team face their first ever opposition once again as Bedworth United visited The Lambs on Saturday 10 Jul 2021. Kevin Da Silva Bastos equalised for the home side in front of 212 supporters.

A larger crowd of 390 was drawn for the visit of West Bromwich Albion's U23 side who visited The Lamb 24 hours later than planned and perhaps wish they hadn't as Tamworth raced to a 3-0 lead with strikes from Dan Creaney, Tyrell Waite and Dexter Walters gave us a commanding lead against a technically capable but ultimately youthful side who pulled a goal back late on.

We were due to face Shrewsbury Town at The Lamb on Saturday 17 July but the game was cancelled, so next up was the visit of Coleshill Town on Tues 20 July and a crowd of around 250 saw the Southern League North side leave with a 2-0 victory. A week later, Halesowen Town visited us and it took a comeback strike from Chris Wilder to make the final score 1-1 at the Tuesday night whistle.

The recently rebuilt clubhouse opened for the first time on Sat 31 July as Wrexham AFC brought a big crowd with them to witness their first game with 'fans allowed' or nearly 18 months. Ultimately the strength and ability of the visiting side were too much for Tamworth and the final scoreline of 5-0 to The Dragons was a fair reflection on the game enjoyed by 1193 fans.

Birmingham City sent a young side with a few first team names to the Lamb on Tuesday 03 Aug and a brace from 3 plus one from Ryan Beswick gave the 641 strong crowd something to cheer about, as the final scoreline finished 3-1 in our favour.

In what proved to be our final pre-season fixture, a handful of invited fans were able to travel to the Technique Stadium and enjoy the behind closed doors game against Chesterfield. Despite the 1-3 final score, with a fine header from Creaney straight after the restart to make it 1-1, it was a good run out for the side although injury to Aaron Forde was a negative taken from the game. And there had been a final friendly planned against Notts County in the midweek prior to the start of the season but this was cancelled and the squad trained instead.

THE CHANGING FACE OF THE LAMB

Since the start of last season there have been some big changes at the Lamb which you can't help but spot. The 9 ageing and second hand floodlight columns have been replaced by 4 brand new state of the art LED floodlight towers. The lights are brighter and cheaper to run, and with the facility to dim them, they are suitable for use in a number of different situations.

Another major change is the investment in the clubhouse, identifiable by the refurbished roof and a redeveloped internal space following considerable damage caused by the winter weather. All in all just over £250,000 has been invested in the ground with a substantial amount provided by grants from the Football Stadia Improvement Fund and the generosity of supporters and backers of the club.

Since 2016 the Lamb has moved from a facility that was used two nights a week and a Saturday afternoon to a seven-days-a-week all year-round operation. The club has grown from one competitive team to 25 teams ranging from under-7s to the first team. There is also a full-time scholarship programme for 60 students aged 16-19. A women's section has been introduced with junior and adult teams. As a result, Tamworth FC is now the largest multi-team football club in the area with our academy in a partnership with Derby County.

The Football Stadia Improvement Fund (FSIF) is the largest funder of non-league football in the country. The FSIF is the sister organisation of the Football Foundation and is solely funded by the Premier League. It is the country's largest provider of grants towards projects that help improve the comfort and safety of lower-league football grounds in both the professional and amateur game. These improvements range from new football stands and turnstiles to flood-lighting and improved provision for disabled supporters.

We are grateful to the following supporters who have given generously to support the developments at the ground Mario Gouci, Gordan Hargrave, Martin Leckie, Jim McCarthy, Tom Pegg, Jack Smith and Andrew Turland.

COALVILLE TOWN

Coalville Town Football Club were formed in 1926 as Ravenstone Miners Athletic. They were the latest in a long line of association football clubs from the village of Ravenstone - Ravenstone Druids being one of the founder members of the Leicestershire and Rutland County Football Association in 1887. The Ravens played most of their football in the now defunct Coalville & District Amateur League, winning numerous honours including the Division One title on five occasions and the Junior Cup Northern Section on two occasions. Perhaps their greatest triumph came in 1953, when they won the League Championship and the coveted Coalville & District Charity Cup.

When the league folded in 1975, they made the logical move to the North Leicestershire League with equal success. In 1976/77 they were runners-up in both the Premier Division and Cobbin Trophy. They won the Junior Cup in 1985/86, the League Championship in 1989 and the double of Championship and Cobbin Trophy a year later. The Ravens were rewarded for their success on the pitch with election to the Leicestershire Senior League in 1991, following the construction of a new club house at their Ravenslea home. They adapted well to the higher level of football and never finished outside the top half of the Division One table.

The ambitions of the village club far exceeded those of the parish council and, following the council's refusal to grant permission for floodlights, Glyn Rennocks was instrumental in uprooting the club and moving it to Owen Street, Coalville. A change of name followed to Coalville Football Club - with the club becoming the first senior side in the town since the demise of Coalville Amateurs in 1954.

The club commenced their first season as Coalville in 1995/96. Floodlights were installed prior to the 1996/97 season and, after a slow start to the campaign, the first eleven went on to finish as runners up in Division One and gain promotion to the Premier Division. Strength in depth was a major factor during this season with the second eleven going on to win the Leicestershire Combination League Division Two.

The introduction of manager Lee Harriman for the 2001/2002 season heralded the most successful period in the club's history. Having led the side to back-to-back Senior League titles, Coalville finally made the step up to the Midland Football Alliance for the 2003/04 season. The 2002/03 season also saw the Under 18s, led by Dan Gallacher, clinching the FA County Youth Cup and finishing as runners up in the League Cup competition.

A new era, in a league as tough and prestigious as the MFA, may have seen many a team wilt at their first attempt. However, with a great start from the blocks, the Ravens hit the ground running and finished in a respectable 8th position.

With the emphasis for 2004/05 on finishing as high as possible in the league, with of course aspirations to clinch the title, the squad could have been forgiven for getting a little sidetracked by a certain cup competition - the FA Cup. With Coalville never being eligible for the competition before it was apparent that this would be an experience more than a challenge for the famous cup. However, try telling that to Lee Harriman and his squad. At their first attempt, the club reached the first round proper where they came up against Football League side Wycombe Wanderers, and only bowed out of the competition by a single goal. This was made all the more special as they started in the Extra Preliminary round and became only the second club in the entire history of the Cup to reach the first round proper from the very first stage. The cup run spurred the team on in the league and, helped by a 17 game unbeaten run, a highest ever finish of 3rd place was achieved.

Coalville began the 2005/06 season as many people's favourites for the MFA but an inconsistent campaign saw the Ravens eventually finish in 8th place. Away from the league Coalville enjoyed a memorable Westerby Cup run which only ended with a 3-2 defeat in the final against Leicester City at the Walkers Stadium.

October 2006 saw Lee Harriman bring to an end his five year association with the Ravens and former Nuneaton Borough boss Brendan Phillips was appointed in his place. A difficult season for "The Bear" and Coalville ended with a disappointing 18th place finish and saw Brendan step down from the manager's post in the close-season.

Former player and fans' favourite Adam Stevens was appointed as manager prior to the 2007/08 season and soon set about restoring the Ravens' fortunes. After leading Coalville to eighth, third and second place finishes, along with a narrow League Cup final defeat, Stevens made sure 2011 was a year that will live long in the memory of all Ravens fans.

Coalville opened the season with a run of eight victories to underline their status as title favourites but were pushed all the way by Tipton Town with both teams ending the campaign on 100 points. It was Coalville's record-breaking goal-scoring record of 153 goals - exemplified by a final day 9-0 victory at Alvechurch - that made the difference as the Ravens clinched the title and promotion to the Northern Premier League. For most teams that alone would have been seen as a very successful season but Stevens had loftier ambitions and an outstanding run in the FA Vase saw Coalville book their place in the Wembley final with a 6-2 aggregate victory against Kings Lynn Town. Although Coalville were unfortunate 3-2 losers to Whitley Bay in the final the Ravens made many friends with their open, attacking football.

A season of consolidation followed in the Northern Premier League with a high turnover of players in 2011-12. The following season Coalville were top of the Evo-Stik Southern division for most of the season. This great form faltered toward the end of the season with results finishing mainly in draws and losses saw Coalville fall to second in the table behind Kings Lynn. Coalville went on to compete in the play off semi-final but lost at home to Chasetown. Chasetown went on to lose against Stamford in the final. The Ravens did have some consolation after lifting the Westery Cup beating Loughborough Dynamo 2-1 in the final at the King Power stadium.

Last following ended in the same way for Coalville but this time it was close all season with players coming impressing and being signed by clubs higher, manager Adam Stevens was really put to the test but continued to find the quality players to push Coalville to the top of the table. A home defeat to Gresley on Easter Monday handed pole position back to Halesowen who secured the title on the last day leaving again as runners up. This time Mickleover were the visitors to Owen Street for the players off and a 3-2 defeat left the raven following with that same feeling as the previous season, so near yet so far.... In the FA trophy Coalville had a memorable run beating several higher league teams such as Marine and Solihull Moors before drawing the previous seasons finalists Grimsby Town who were held to a draw at Owen Street before eventually winning through at Blundell park.

Manager Adam Stevens hoped to build on the positive aspects of the last two seasons but soon resigned as manager early on in the season, Jimmy Gray took over for a short spell in charge before Tommy Brookbanks joined from Loughborough with the task of steadying the ship. The Brookbanks era started off with a hard run of games and lots of injuries but the style of football Tommy was to bring to Coalville was soon evident and lifted the spirit of the Raven faithful. Off the pitch last season was a big year for Coalville as they continued to develop and improve as a club to match the progress of recent years on the pitch, the introduction of the youth development pathway and academy side will hopefully produce local talent for the first team in the near future. 2014-15 did see a county cup final where the Ravens lost out 2-1 to Barwell at Leicester City's King Power Stadium.

The 2015-16 started off as one of great optimism at Owen St. Tommy Brookbanks had put a squad together capable of challenging for promotion and they got off to a solid start and were never out of the top 3 since September. Acknowledged as probably the best footballing side in the league they were in touch with leaders Stafford, but a wobble in February and March left The Ravens looking over their shoulder. However, an impressive run in saw Coalville win the promotion play off final at big spending Shaw Lane coming back from being a goal down at half time before running out 3-1 winners following a stunning second half performance.

Despite being many peoples favourites for relegation The Ravens more than held their own in their first season at Step 3 and finished a creditable 16th Place in their first season in the league.

In the 2017/18 season Coalville had a tough start losing their opening three games but then went on to win the next 7 fixtures pushing them up 2nd in the league. Following that there were further runs of losses and victories but all in all was a disappointing league season with the club only just avoiding relegation. The Ravens did reach two cup finals where they defeated Loughborough Dynamo to win the Leicestershire Challenge Cup, but lost to Atherton Collieries in the final of the Integro League Cup. Following the season Manager Tommy Brookbanks left the club and he was replaced by Adam Stevens who joined for his second spell as Manager.

TAMWORTH WOMEN

Tamworth Women's Manager Ryan Hamilton's thoughts on winning against Port Vale Ladies:

Sunday's win was another good step in the right direction for us during preseason. It gave us a chance to rotate slightly, given opportunities to some players who we wanted to see more of and they took their chances well. Danni getting to start in her favoured position as a ten, did really well scoring a hat trick and assisting one too, Grace starting as a nine carried on her good form, grabbed another goal and was a nightmare for Port Vale to defend against so it was really pleasing on that front as well as Amy in goal, another strong performance, definitely challenged more this week so she had a lot of decisions to make and overall she did really well, at sixteen playing back to back games for the first team against regional level sides is a credit to her it's great for her development. Likewise having players starting and doing so well allows us to rotate and rest the likes of Liv, Lily, Aimee and Annie and bring them on later in the game, all four came on and impacted the game, Liv scoring two, Annie was relentless up there and kept the defenders on their toes, Lily brought an intensity to the left hand side and put us really on the front foot and Aimee brings quality whenever she steps onto the pitch, bridging the gap between midfield to strikers well, creating chances and looking threatening. I have to give Jess Harris a mention though, to get man of the match in a game where someone else has scored a hat trick shows just how impressive her performance was, defensively she was solid, organised us well, stepping in to intercept well and in possession she was excellent, breaking lines with passes through to centre midfield, looking after the ball well, she put in a really classy performance yesterday.

With the rotations and a slight chance to how we want to play out of possession this season, it wasn't our most polished performance ever and highlighted a few areas for us to tidy up on but that's the aim of pre season, see what's working well and what we need to work on. The most pleasing parts for me, was firstly that the girls applied the work we've been doing in training to our match day and then secondly that not at our best we still came away with a more than positive result, we were able to give minutes to players that we wanted to see more of and it's another big step in the right direction.

Now we focus our attention to Loughborough next weekend, we know just how much of a test that will be for us, they're a talented side with a great set up and very good coaching staff, it's the perfect test for us as we hit the business end of preseason.
